"Participating and raising money in the run for AHC was an inspiring and fulfilling experience.

Our team was awed by the majesty of the ancient temple complex. The sense of camaraderie among our team was evident, all united by the common goal of supporting the vital work of AHC. Knowing that every step we took contributed to the health and well-being of children in need made the experience profoundly meaningful. I highly recommend this event to anyone looking to make a positive impact while being part of an unforgettable journey."
